

Total Action tap For Progress into hope

Hello,

My name is Tonya Williams and I am an Energy Conservation program specialist at **Total Action for Progress (TAP)**. I am reaching out to you to let you know about the **FREE** weatherization services we offer here at TAP. This program is offered to homeowners who fit within the income guidelines of the program. The services within this program are designed to make your home more energy efficient and help you save money on your utility bills.

Listed below are the income guidelines as well as a brief description of the services that will be provided to your home under the weatherization program. If you think you would be interested in having a home audit to see if the program can benefit your home, please gather all of the requested documentation and contact the program specialist to schedule an appointment. TAP is looking forward to the opportunity to possibly weatherize your home.

Sincerely,

Tonya Williams
